

Greetings Neighbors,

The Board of Trustees has re-instituted the Policy Committee and is currently seeking interested community members to be involved with this committee. Membership is open to all Fishhawk Lake community members.

Meetings will be held monthly to create, review and revise policies as directed by the Board of Trustees and as seen as necessary by the committee. The work of this committee will be presented as recommendations to the Board of Trustees for appropriate action.

Member involvement will include:

- Attendance at regular committee meetings (it is possible to arrange phone conference capability if presence at the lake is a problem).
- Independent work on specific policies for committee review and consensus.
- Interaction with other committee members, the Board of Trustees, and community members
- Presentation of new/revised policies to the Board of Trustees

The current mission statement of the Policy Committee is:

- To create new policies and to review and revise existing policies at the direction of the Board of Trustees in order to provide clear, concise and objective rules for the governance of Fishhawk Lake.
- To assure that policies are easily understandable and in keeping with the FLRC governing documents, State of Oregon laws and regulations, and the values of the community
- To create and maintain a Policy Manual that is up to date and accessible to Fishhawk Lake members.

If you are interested in participating in this committee, please notify the Community Manager by sending an email to: communitymanager@fishhawklake.com

Thanks for your support.

Best Regards,

Doug Barlow
FLRC Board of Trustees
